

**Advisory Committee on Water Information  
Annual Meeting  
February 10-11, 2010**

The Advisory Committee on Water Information will hold its annual meeting February 10-11, 2010, in Herndon, Virginia. Agenda topics will include briefings by each of the ACWI sub-groups and a number of technical subjects. Highlights include:

- Introduction to the new ACWI Chair, Anne Castle, Assistant Secretary for Water and Science.
- Results of NRCS/USDA's Conservation Effects Assessment Program (CEAP) for the Upper Mississippi.
- Update by ACWI's Subcommittee on Ground Water on their National Framework for Ground Water Monitoring.
- Briefing on the Reservoir Sedimentation Database (RESSED) and website.
- Update on progress of the National Water Quality Network for U.S. Coastal Waters and their Tributaries.
- Update on NOAA/USGS/EPA interactions with the regional water quality monitoring organizations of the Integrated Ocean Observing System (IOOS).
- Update on Sustainable Water Resources Roundtable participation in implementing the USGS Water Availability and Use initiative.
- Update from National Water Quality Monitoring Council on interactions with State and Regional monitoring councils.
- Preview of 2010 National Monitoring Conference: Monitoring from the Summit to the Sea.
- Preview of the 9th Federal Interagency Sedimentation Conference.
