

## **NEMI Announcement**

We want your feedback on NEMI!

The National Environmental Methods Index (NEMI, [www.nemi.gov](http://www.nemi.gov)) is being upgraded to a new operating platform, and as part of that process, we are revising the site to accommodate new content and improve usability. But before we get too far, we'd like to know more about how well the current version of NEMI is meeting the needs of its users.

As a NEMI user (or someone familiar with NEMI), we want your feedback! Please follow the link below to take a short online survey about how you use NEMI, what you like and dislike, and any other improvements or features you'd like to see. This survey is anonymous and your answers will not be shared or distributed outside of the NEMI development team, so please feel free to be candid about what works and what doesn't.

Help make NEMI a better product - share your opinions about NEMI with us:  
<https://www.surveymonkey.com/s/QB29BXJ>

This survey will close on Wednesday, Nov. 21, 2012, so please respond soon.
