

Government Accountability Office, GAO-13-253, *Climate Change, Various Adaptation Efforts are Underway at Key Natural Resource Management Agencies*, May 2013.

<http://www.gao.gov/assets/660/654991.pdf>

This report examines (1) steps key federal natural resource management agencies—Forest Service, NOAA, Fish and Wildlife Service, National Park Service, and Bureau of Land Management—have taken since 2007 to address adaptation and (2) how these agencies have collaborated at the national level on adaptation since 2007. GAO analyzed the agencies' climate change adaptation guidance and planning documents and interviewed agency officials. GAO also visited one field location for each agency, selected using a non-probability approach, so the results cannot be generalized to all of the agencies' field locations.)
