# Upcoming GOES DCS Training Opportunities

## **Upcoming Meetings in 2019**

TWG/STIWG (April 2019)

Joint Satellite Conference (October 2019)

How often would you like to see an entire day dedicated to training?  
Every TWG/STIWG? What are your thoughts?

# CS2 Transition

- Microcom have been tasked with developing a CS2 Channel Optimization Analysis to assist us with channel planning, and determining where we can create additional channels.
- Overall the Users are doing very well with transitioning to CS2. Approximately  $\frac{1}{3}$  of total platforms are CS2.
- Any concerns with meeting the CS2 transition deadline of May 31, 2026?
