Worksheet 4: Asset Mapping

1. Decide on an activity to map (this activity will become the “subject” of the map).

2. List the assets (skills, resources) that each member of the group can bring to the activity—individually and through their agency/organization.

3. List the assets (benefits) of the activity.

4. Identify and briefly describe the mutually beneficial relationships that exist/can be built between the group members (selected in #1) and the subject based on their assets.
