4. Review of State and Regional Council Fact Sheet and Infographic

- Julie's student, Natalie, has been working hard on gleaning information from older content such as presentations

- So far, Natalie has produced a rough draft of an infographic, a fact sheet, and a summary of all related presentations

ACTION: Candice will work with Natalie to push these products towards completion

5. WIS Fact Sheets

- Dan is working to get the WIS Fact sheets posted to the web

- We will help announce these on Twitter, LinkedIn, and to our distribution group.
