

# SENSOR WORKGROUP

Dan Sullivan, Chair

- ▶ JAWRA Article “Emerging Tools for Continuous Nutrient Monitoring Networks: Sensors Advancing Science and Water Resources Protection”
- ▶ Illustrated Deployment Guide @[www.watersensors.org](http://www.watersensors.org)
- ▶ Began and continue to work with EPA on several projects:
  - ▶ Interoperable Watersheds
  - ▶ Sensors Challenges

## PAST YEAR ACTIVITIES

- ▶ Sensors continue to become more mainstream
- ▶ Continues to be a need for better sensors for more analytes
- ▶ Much interest from Council members
- ▶ New members continue to join, but always room for more!

## PLANNING FOR THRU 2018 CONFERENCE

- ▶ Publications
  - ▶ at minimum, section in Council newsletter
  - ▶ Glossy magazine, a la LakeLine (NALMS)?
- ▶ Training
  - ▶ Short videos, web pages
  - ▶ Webinars – focus on how-to
- ▶ Conference call format – bimonthly presentation alternate with group discussion on issues and ideas

# POTENTIAL WORKGROUP FOCUS AREAS

- ▶ Consolidated purchasing power (WEF?)
- ▶ Polls: what are the problems; how to address
- ▶ Technical forum (would need outside “sponsor”)
- ▶ Conference – held in the off-year of the NQWMC conference

POTENTIAL WORKGROUP FOCUS,  
CONT.

- ▶ Next call August 9, 2016 at 12pm ET

PLANNING
