

NWQMC Webinar Series

Would a State or Regional Partnership, Alliance and/or Council Serve Your Needs?

Presented by

Barb Horn

Water Resource Specialist, Colorado Parks & Wildlife, Durango, CO

Tuesday, April 23, 2013 at 12:00 p.m. EST (9:00 a.m. PST)

Perhaps you are thinking of starting or evolving an existing network. Maybe you already are part of a State, Regional or other monitoring collaboration, partnership, alliance or council. The idea of “sharing data” and “collaborative monitoring” likely arises everytime we discover we cannot achieve our goals alone. The NWQMC encourages collaboration at a state or regional scale and has an ongoing inventory to help build and sustain these efforts. This webinar summarizes efforts across the country in four major areas.

- 1) The composition, scope and reason for initiating.
- 2) Funding sources and expenses to achieve mission
- 3) Leadership and organizational structure to achieve goals.
- 4) Objectives, activities and strategies employed specifically around monitoring, data management, sharing.

See what others are doing and share your perspective. Perhaps you won't have to reinvent the wheel after all!

The webinar is *free* and *no pre-registration* is required. *Please login 10 minutes early.*
