

# Meeting objectives and expected outcomes

1. Bring everyone up to speed on the NGWMN
  - Framework changes since pilots
  - NGWMN Portal updates
2. Provide background for future SOGW efforts (TOR update)
  - Training and innovative methods
3. Define a roadmap for implementation
  - Confirm or re-define portal priorities
  - Recommended membership, functions, and procedures for the Advisory Board
  - Funding priorities for the NGWMN
  - Setting Priorities
    - richer datasets versus more wells
    - new participants versus existing data providers
    - water levels versus water quality
