ACWI Update (Kris McSwain) - President's Executive Order 13875 status - Justification submitted to DOI. On August 1 DOI recommendations of which $\frac{1}{3}$ of committees to cut were forwarded to OMB/the White House. No indication from DOI what the status of ACWI is in the cut list. The OMB/White House is supposed to release the final list September 1, 2019.

NSF GSI follow-up ... The group working on the Geospatial Software Institute is continuing to work on development of a Strategic Plan to be submitted to NSF later this fall. They are interested in the idea of having the SSWD mentioned in the Plan as a "partner". Tad Slawecki will continue to keep SSWD informed on what they think this means, though the ACWI outcome could make this discussion moot.
