

# WATER SUSTAINABILITY & MANAGEMENT FORUM

**SAVE THE DATE – THURSDAY JANUARY 14, 2010**

**Take part in this one day forum, which will discuss water sustainability and management issues critical to both the USA and Australia.**

Hear from morning key note speaker *Mr Ken Matthews AO, Chairman and Chief Executive Officer, National Water Commission* and lunch key note speaker *Mr Anthony Pratt, Executive Chairman, Visy Industries*. Benefit from panel discussions which will address issues related to water scarcity and consider possible methods and policies to respond to these challenges.

The conference is targeted at water policy makers, researchers and water industry representatives from the United States and Australia to encourage dialogue, collaboration and business opportunities between both countries.
